## In-Kind Donations

Running a non-profit animal shelter and caring for thousands of animals each year can be expensive. FAPS is always in need of the following items and grateful for the outpouring support of the public. Donations of food and supplies help keep the shelter running and overhead costs down 365 days a year!

**Dog Food.** Although we accept ALL brands of dog food we try to feed our shelter pets the same type of dog food to keep their digestive systems functioning properly. Consistent-brand dog food not only cuts down on clean up, it keeps them healthy and prevents stomach upset. Think of your own dog at home. If you were to switch his/her food for just one day, think of what would happen!

**Stamps.** We always need stamps so we can send out thank you letters to our loyal FAPS' supporters, which also provides them with documentation of their tax deductible donations!

**Items marked with an asterisk are high priority needs!**
